CITY COUNCIL MEMORANDUM FOR RESOLUTION

To: Mayor & Council

From: Mike Halsema, Deputy City Manager

Agenda Item: Discussion and possible action regarding adopting a resolution authorizing the participation in the LOGIC investment pool.

Information:

The City joined TexStar investment pool in 2021. At the time the City joined the governmental pool and did not join the Local Government Investment Cooperative (referred to as LOGIC) fund. The LOGIC fund is a division of TexStar and invests in commercial paper in addition to governmental securities. This is done in accordance with the Public Funds Investment Act (Section 2256.001 et seq., Texas Government Code) and other relevant Texas laws governing the investment of participant funds.

Under the Trust Agreement, there are four general objectives of the Trust:

- Legality - investing only in investments legally permitted under Texas law
- Safety - minimizing risk by managing portfolio investments to preserve principal, maintain a stable net asset value, and maintain the highest rating for the Funds from a nationally recognized statistical rating organization for so long as such rating is required by Texas law
- Liquidity - managing portfolio investments to ensure that cash will be available as required to finance Participants' operations
- Yield - maximizing current income to the degree consistent with legality, safety, and Liquidity.

LOGIC has been reviewed by staff and has met all required criteria of the City's Investment Policy for approval as an authorized investment. Investing a portion of the City's resources in LOGIC would benefit the city by providing greater diversification and flexibility while providing a competitive return.

Ordinance 2025-24

CITY COUNCIL MEMORANDUM FOR ORDINANCE

To: Mayor & Council

From: Mike Halsema, Deputy City Manager

Agenda Item: Discussion and possible action regarding adjusting solid waste fees.

Information:

The solid waste agreement with Waste Management executed in December of 2022 provides for an annual CPI and fuel adjustment in Section 8. The City was notified by Waste Management of the adjustment which will be effective February 2026. Per the calculations specified in the agreement, the rates charged to the City by Waste Management are increasing 2.3%. Residential cart service will increase from \$21.56 to \$22.05, and the At Your Door service increases to \$1.50 per month. Combined, the new total residential service will increase by \$0.53 to \$23.55 per month. Commercial dumpsters will increase by 2.3% as well. The proposed ordinance simply adjusts the rates the City charges customers by the amount of the increase in the rates that Waste Management will charge the City.

Financial Impact:

	Residential		
	<u>Current</u>	<u>Adjusted</u>	<u>Increase</u>
Cart Service	\$ 21.56	\$ 22.05	\$ 0.49
At Your Door	\$ 1.46	\$ 1.50	\$ 0.04
Total	\$ 23.02	\$ 23.55	\$ 0.53
Additional cart	\$ 5.23	\$ 5.35	\$ 0.12

Staff Recommendation:

The staff recommends that the city council approve the Ordinance adjusting the solid waste collection fees effective February 1, 2026.

Motion:

I move to pass Ordinance 2025-24, adjusting the solid waste fees in Chapter 18 to the next meeting, second reading.

CITY COUNCIL MEMORANDUM FOR RESOLUTION

To: Mayor & Council

From: Bradford Hunt, City Manager

Agenda Item: Discussion and possible action to approve and ratify a Change Order in the amount of \$43,625.00 to the contract for Hughes Elevated Storage Tank Rehabilitation with Maguire Iron, Inc.

Information:

At the July 8, 2025 regular council meeting, Council authorized City Manager Hunt to enter into a contract with Maguire Iron, Inc. to rehabilitate the Hughes Elevated Storage Tank (EST), at a cost not to exceed \$207,201.

Upon commencement of the project on or about December 19, 2025, Maguire Iron, Inc noted additional areas of deterioration on the top of the EST, specifically at hatch and other access points that were rusted through and creating a contamination issue. PW Director Newman advised that delaying the repairs until after January 13 would be cost prohibitive, as the contractor would have to pause the project and then re-deploy their resources at an unknown timeframe after January 13. Thus, Mr. Hunt authorized the change order for the additional \$43,625.00, and the full repair remains in progress.

Financial Impact:

This change order was less than 25% of the total value of the contract, and thereby did not alter it to the point of voiding it and requiring a re-bid process. The value of the change order is \$43,625.00.

Staff Recommendation:

Staff recommends approving and ratifying the Change Order in the amount of \$43,625.00 for the City's contract with Maguire Iron, Inc, for additional repairs to the Hughes EST.

Motion:

I move to approve and ratify the Change Order in the amount of \$43,625.00 for the City's contract with Maguire Iron, Inc, for additional repairs to the Hughes EST.

Agenda Item: Discussion and possible action authorizing the City Manager or his designee to negotiate and execute an agreement for repairs to the Intermediate Lift Station with B-Corp Utilities, Inc. for a price not to exceed \$70,852.

Information:

The Intermediate Lift Station is in need of repairs soon as it has deteriorated and will become inoperable if repairs are not made soon. Staff received three quotes for repairs: B-Corp \$70,852, Staas Plumbing \$71,129, and Gribble Construction \$89,462.40. Staff recommend B-Corp as they provided the lowest cost quote and their ability to perform the repairs.

Financial Impact:

Recent changes to purchasing law have raised the sealed RFP process to items over \$100k. Staff did reach out to 3 vendors, and B-Corp had the best pricing.

Staff Recommendation:

Staff recommend accepting the B-Corp quote for the Intermediate Lift Station repairs.

CITY COUNCIL MEMORANDUM FOR RESOLUTION

To: Mayor & Council

From: Bradford Hunt, City Manager

Agenda Item: Discussion and Possible Action to Approve Submission of a CCN Amendment Application to the PUC

Information:

The City of Gatesville water service area is generally known as its “CCN,” an acronym for Certificate of Convenience and Necessity under the Texas Administrative Code, Chapter 24. The Texas Public Utilities Commission (PUC) governs the legal boundaries of the service areas for Gatesville and all bordering Water Supply Corporations (WSCs).

Gatesville’s CCN map is overdue for an update, as our current and potential service areas do not accurately reflect on the current map. As development interest grows and future annexations become imminent, the proper delineation of water service providers becomes a paramount concern for City and developer interests. An accurate and updated water CCN will streamline the process for new water service applications and help address potential conflicts with neighboring water providers. Therefore, staff commissioned Freese & Nichols (FNI) to study the service areas and produce an Application for submission to the PUC, including attendant revised service areas.

Types of CCN applications include:

- Amendment / Expansion
 - Gatesville’s request to expand areas of service.
 - Expansion areas do not conflict with other WSCs.
- Transfer
 - Negotiated changes in existing service areas.
 - Either party (Gatesville or a WSC) may approach the other and request transfer.
 - Transfer can occur by:
 - Simple transfer with no compensation
 - Swapped areas of service, as agreed-upon by both parties
 - Negotiated purchase of certain service area.
- Decertification

The general process for the CCN application is as follows:

- Compile Application
- File application
- Administratively Complete
- Noticing
- Public Hearing
- Final Processing
- Final Recommendation and Order

Staff met with FNI staff members to discuss CCN types, data needed from City to complete the process for amendments, and strategies for implementation. FNI's goal was to update the proposed CCN application map with the received data and symbolize areas by application type. The proposed considerations were as follows:

- The primary objective is to fill out CCN to city limits and existing customer base
- Areas currently unserved require proof of service request from development to expand CCN
- Areas currently included in other utility CCNs require an agreement with the utility to transfer the CCN
- Linear CCNs have potential for decertification or dual certification

Staff now seeks council's input and potential approval to proceed with the amendment application, based on the updated service area map (Figure 1) and current water distribution facilities (Figure 2).

Ordinance 2025-23

CITY COUNCIL MEMORANDUM FOR ORDINANCE

To: Mayor & Council

From: Bradford Hunt, City Manager

Agenda Item: Discussion regarding additions and amendments to City Ordinance, Chapter 40, Parks and Recreation, 3rd and Final Reading

Information:

The existing city ordinance regarding Parks and Recreation, Chapter 40, does not address the use of motorized, off-highway, or self-propelled vehicles within city parks. City Manager Hunt and staff seek to establish rules to prohibit certain vehicles within parks, since their operation, especially in crowded areas, can create significant risks to pedestrians, cyclists, children, wildlife, and park staff.

The 2nd reading of the ordinance added definitions of vehicles and clarified areas where prohibited. The 3rd reading corrects one typographical error in Section (e).

Staff Recommendation:

The staff recommends approving Ordinance 2025-23 to amended City Ordinance, Chapter 40, of the City of Gatesville Code of Ordinances.

CITY COUNCIL MEMORANDUM FOR RESOLUTION

To: Mayor & Council

From: Holly Owens, City Secretary

Agenda Item: Discussion and possible action regarding a variance request located at 410 Bridge Street.

Information:

Carlos Gonzalez, with Ultimate Services Group LLC, is the owner of the property located at 408 and 410 Bridge Street. According to the Coryell County Appraisal District (CCAD), the property is officially addressed as 410 Bridge Street; however, separate water accounts currently exist for both 408 and 410 Bridge Street. The property is zoned Residential 2–4 Family. At present, there are two single-family structures located on the property. While the zoning ordinance allows for pyramid zoning, the existence of two single-family dwellings on a single lot—each served by independent water and sewer connections—is considered a legal nonconforming use.

The applicant is requesting to subdivide the property to remedy the nonconforming condition. This subdivision will require a variance for minimum lot size. The minimum required lot size for a single-family residence is 8,000 square feet. One lot will contain approximately 7,720 square feet, and the second lot will contain approximately 6,664 square feet. Setback requirements are not applicable, as the existing structures will remain unchanged. Staff is requiring an access easement be placed on the minor plat to guarantee property access from Bridge Street.

The Planning & Zoning Commission heard this case on January 5, 2026, recommending approval to City Council for the variance request. If approved, the applicant will submit a minor plat for administrative approval.

Financial Impact:

Staff Recommendation:

Staff recommends approval of the requested variance.

Motion:

Motion to approve a Resolution allowing for a variance to subdivide the two lots for less than the required 8,000 square foot lots per the zoning ordinance for the property located at 410 Bridge Street; Original Town Gatesville, Block 97, Lot 3 PT.

The requested demolition is for all structures located on the property which include:

- Main structure – 1,524 sq. ft. built in 1940
 - 2 open porches – 182 sq. ft.
 - 1 Storage – 600 sq. ft.

The Building Standards Commission heard this case on January 5, 2026, and recommended the demolition of all structures located at 411 S. 7th Street, subject to City Council approval. Chairman Johnson and City staff are coordinating efforts to seek assistance from Coryell County in addressing properties with outstanding property tax balances, including this property, where the owner is deceased and no heirs have been identified.

The proposed course of action would involve the sale of the property at a public tax sale (“on the courthouse steps”), with the understanding that the new owner would be responsible for removing the existing blight at their own expense and redeveloping the site. Any assistance or support from the City Council in facilitating this process would be greatly appreciated. This action

would serve the best interests of both the City of Gatesville and Coryell County by eliminating blight and promoting productive redevelopment.

Financial Impact:

\$35,000

This amount includes the house and the trash/rubbish filled storage building along with 9 dead trees on the property.

Staff Recommendation:

The staff's recommendation is to approve the demolition of the substandard structure located at 411 S 7th St.

Motion:

Motion to approve a Resolution, granting authority to Staff to demolish the structures located at 411 S 7th Street.
