

FISCAL YEAR 2019 (2018-2019)

APPROVED BUDGET & PLAN OF MUNICIPAL SERVICES SEPTEMBER 25, 2018

Declarations required by the State of Texas:

This budget will raise more revenue from property taxes than last year's budget by \$253,195 (13.8 percent) and of that amount \$31,541.62 is tax revenue to be raised from new property added to the tax roll this year.

The City of Gatesville proposes to use the increase in the total tax revenue for the purpose of street maintenance/rehabilitation and two additional personnel.

This notification statement complies with Texas Local Government Code § 102.005

This budget raises more property tax revenue compared to the previous year's budget. The Gatesville City Council adopted the budget with the following voting record:

City Council Ward 1, Place 1: David Mitchell	AYE
City Council Ward 1, Place 2: Tim Woodlock	AYE
City Council Ward 1, Place 3: Meredith Rainer	AYE
City Council Ward 2, Place 4: Jack Doyle	ABSENT
City Council Ward 2, Place 5/Mayor Pro Tem: Ronnie Vi	iss AYE
City Council Ward 2, Place 6: Dwight Suson	AYE
Resolution 2018-06, dated September 25, 2018	

This notification statement complies with Texas Local Government Code § 102.007

Information regarding the City's property tax rate follows:

Fiscal Year 2017 (preceding): \$0.4600/\$100 valuation

Fiscal Year 2018 (current): \$0.5100/\$100 valuation

Fiscal Year 2019:

Adopted Rate: \$0.56/\$100 valuation

Effective Tax Rate: \$0.4921/\$100 valuation

Effective Maintenance and Operations Tax Rate: \$0.5641/\$100 valuation

Rollback Tax Rate: \$0.5704/\$100 valuation

Debt Tax Rate: \$0.1532/\$100 valuation

Total Debt Obligations Secured by Property Taxes: \$580,643

September 26, 2018

The Honorable Mayor Gary Chumley, Mayor Pro Tem Viss, and Members of the City Council,

I am pleased to submit the approved budget for Fiscal Year 2019 which begins on October 1, 2018 and ends on September 30, 2019. The budget was shaped by several considerations presented to the City Council during the FY 2018 midyear budget review on May 8, 2018 and by more in-depth analysis resulting from a small increase in the certified rolls of total taxable value:

- At the mid-year point, sales tax allocations were 2.5% above budgeted level and have remained above the FY 2018 month-to-month amounts.
- The early results from the Energy Savings Performance Contract initiated in 2017 indicate lower utility bills in the first six months of FY 2018.
- The winter and spring of 2017-18 were cooler and wetter than average, suppressing water sales/revenues.
 - The City engaged a firm to assist with the first-ever water and sewer rate study.
- The City has been required to take significant actions responding to Texas Commission on Environmental Quality (TCEQ) Notices of Violation at the Stillhouse Branch Wastewater Treatment Plant and numerous components of the Gatesville Regional Water Supply which are approaching 30 years in age.
- Beginning in January 2018, the Texas Department of Criminal Justice (TDCJ) unilaterally reduced its water and sewer consumption by 15-22% in response to funding cuts from the State Legislature, resulting in water and sewer revenues below budget projections.

Budget Development Process

Development of the City's proposed budget is a managerial process that is influenced by the political aspects of local government and the involvement of the elected officials in the planning and adoption process. The document filed with the City Secretary and presented to the governing body as required by State law takes months of planning, preparation and discussion among the departments of the City and with the governing body. A budget calendar, instructions and guidelines were provided to the department heads in May 2018. The City Manager and Finance Director developed revenue and expense projections for the current fiscal year. The review of the projected current year revenue and expenses was followed by the submission of the operating departments' draft budget spending plans for FY 2019. After the submission of the initial operating requests and new capital spending requests, the City Manager and Finance Director worked with the departments to develop a proposed budget that fits within the revenue expectations and key department goals.

As required by the City's Charter and Local Government Code Section 102, the City Manager submits the proposed budget to the City Council at least 30 days before the governing body adopts an ad valorem tax rate. The budget is filed with the City Secretary in accordance with State Law and copies of the proposed budget will be made available at the City's public library and on the City's website. The City Council considers the proposed budget during a budget workshop, which also provides an opportunity for public input as required by state law. The budget is formally adopted by the City Council during the month of September at a regularly-scheduled Council Meeting. Once adopted, the budget goes into effect on October 1.

Significant Dates for the Budget Adoption Process

May 8: Mid-Year (FY 2018) Budget review with City Council

May 14: Budget Kickoff

Departmental submission of budget documents

June/July: City Manager review of preliminary budget

July 25 (NLT): Tax Roll certification by Chief Appraiser; certified rolls received on July 16.

August 14: Budget Workshop with City Council; Budget public hearing; discuss tax rate

August 18: Publication of proposed tax rate

August 28 & September 4: Public hearings on the tax rate (if necessary).

September 25: Proposed budget approved by City Council; FY 2019 tax rate approved

October 1: Budget becomes effective

The City of Gatesville utilizes two major funds in its financial accounting. These Funds are designated as the City's major operating funds because of their size and nature. The highlights of these Funds are discussed below:

The <u>General Fund</u> is the primary operating fund of the City and provides public safety (police, fire and EMS) services, City Administration, street maintenance, library services, municipal court, youth sports/recreation, the City's Civic Center, and the outdoor swimming pool.

- 78.1 percent of General Fund revenues come from just two sources ad valorem (property) taxes and sales tax allocations. Ad valorem taxes comprise 40.6 percent of budgeted General Fund revenues in this approved budget, compared to 34 percent in the FY 2018 budget.
- The Coryell Central Appraisal District is responsible for the total estimated value of all taxable property. The tax values were certified by the Appraisal District on July 16, 2018 reflecting an increase of 4.6 percent in total taxable value. The tax on frozen accounts (over-65, 100% disabled veteran, etc.) rose slightly.
- In 2009, the Governor signed House Bill 3613 eliminating property taxes for 100% Disabled Veterans; in 2013 the voters of Texas approved eliminating property taxes for the surviving spouses of 100% Disabled Veterans. In the FY 2019 budget, \$6,876,487 (1.8%) of taxable value is exempted for fifty-one 100% Disabled Veterans and seven surviving spouses of 100% Disabled Veterans, resulting in an exemption of \$35,070 of ad valorem taxes.

- This budget is based on an ad valorem tax rate of \$0.56/\$100 valuation a 9.8 percent increase above the adopted rate for the FY 2018 budget.
- A 1-cent increase (decrease) in the property tax rate equates to \$37,329 in increased (or decreased) General Fund revenue.
- It is important to understand the technical aspects of how the property tax rate is set. The Coryell County Tax Assessor/Collector calculates the State-mandated tax rate calculations.
 - <u>Effective Tax Rate</u> provides the same amount of revenue collected in the current fiscal year from properties on the tax roll in FY 2017, accounting for changes in the value of existing properties, but not newly-constructed properties.
 - Maintenance and Operations (M&O) Rate is the first of two components that comprise the total tax rate and funds salaries, utilities, and general day-to-day operations of the City.
 - <u>Debt Service Rate</u> is the second component, and is the statutory amount required to generate sufficient revenue to pay the City's debt obligations.
 - Rollback Rate is the Effective Tax Rate plus 8 percent; if the City Council elects to adopt a tax rate that exceeds the rollback rate, it is subject to being "rolled back" through a petition and election by the residents of Gatesville.
 - Proposed Tax Rate is the rate considered for adoption by the City Council that is determined to be necessary to fund the City's operations and the principal and interest on outstanding debt.
- Sales tax allocations account for 38.8 percent of General Fund revenues in this approved budget, a slight reduction compared to the fiscal year 2018 budget. A FY 2015 Texas Municipal League survey indicated that on a statewide basis, property taxes comprise 34% of municipal General Fund revenues and sales tax allocations 28%. This has not been the trend in Gatesville for several years. The persistent (but declining) imbalance between property tax revenues and sales tax allocations while not adverse in a healthy economic climate is a matter of concern for providing a consistently high level of service, and will be addressed in the City's future Comprehensive Plan as strategies for increasing median home prices and attracting businesses to Gatesville.

The <u>Enterprise Fund</u> accounts for revenues generated by the City in providing services to its residents. Costs associated with providing safe and reliable drinking water and adequate water and infrastructure for fire protection for residents and commercial entities, and sewer collection and wastewater treatment that prevents pollutants from reaching the City's primary water source are vital for future growth of the City while complying with increasingly stringent federal and State regulations.

Over half of the City's water/wastewater distribution and collection system is well beyond its useful life, and needs to be recapitalized and/or replaced. In addition, the City's municipal airport and Fitness Center revenues and expenses are included in the Enterprise Fund as they are designed to be largely self-sufficient through user fees. The City must conservatively estimate Enterprise Fund revenues and expenses, and then monitor and evaluate revenues to ensure they cover the costs

- for providing the service. The Enterprise Fund reimburses the General Fund for financial, administrative, engineering, transportation, and IT services.
- Debt Service (bond principal and interest) is budgeted in the Department responsible for that function.

This proposed budget contains revenue estimates and spending plans for the General Fund and the Enterprise Fund. The total proposed operating budget is \$14,374,860 which represents a 2.95 percent increase over FY 2018. This total includes \$5,568,627 for the General Fund, and \$8,806,233 for the Enterprise Fund.

	GENERAL FUND	ENTERPRISE FUND	TOTAL
PROJECTED REVENUE	\$5,568,627	\$8,806,233	\$14,374,860
BUDGETED EXPENSES	\$5,568,627	\$8,806,233	\$14,374,860

Ongoing challenges with the City's aging infrastructure at a time when most revenues have remained flat at best, results in demands in several service areas (notably sustaining water distribution, wastewater treatment, and streets) that are becoming increasingly difficult to meet. This approved budget is insufficient for planning for <u>significant</u> infrastructure recapitalization without receiving grant funding, such as the Community Development Block Grant. The proposed budget is balanced with no projected fund balance in either the General or Enterprise fund.

By comparison to FY 2018 (current fiscal year), in this proposed budget, General Fund revenues increase 3.2 percent due to a projected increase in ad valorem taxes, sales tax allocations, recreation (youth sports) sponsorships — mostly a result of hosting post-season tournaments - and the sale of City properties that are excess to our needs. General Fund expenses increase slightly due to replacing law enforcement equipment beyond its useful life, establishing a dedicated Building and Grounds Department in late FY 2018, and the inclusion of several initiatives that have been executed with limited funding in the budget in the past (HHW Day, Comprehensive Planning, etc.) Enterprise Fund revenues increase by 0.6 percent over FY 2018, and expenses increase by the same 0.6 percent.

FY 2019 ESTIMATED REVENUES VS. REQUESTED EXPENSES GENERAL FUND

Trend Analysis

The City of Gatesville utilizes conservative strategies when projecting revenues and expenditures. Revenue and expenditure trends are monitored on a monthly basis by the City Manager and Finance Director so necessary adjustments can be made to control spending. As evidenced in the current year, monitoring of revenues and expenditures informs the capital spending plan and can limit extreme fluctuations in available funds from one fiscal year to the next. Expenses (spending) must be based on a realistic assessment of projected revenues.

Revenue Trends

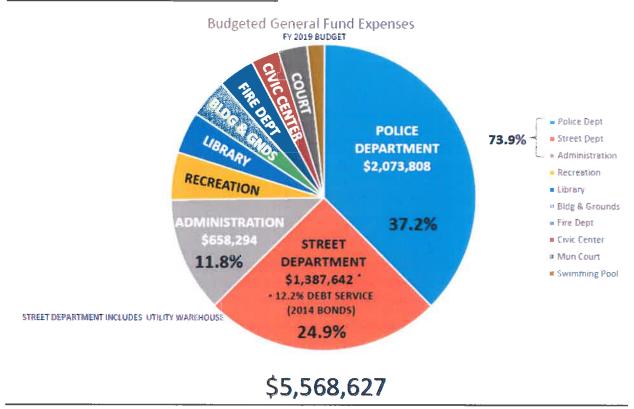

GENERAL FUND: The City of Gatesville funds the following Departments from General Fund revenues:

- City Administration
- Police Department
- Fire Department
- Street Department
- Building and Grounds Department
- Library
- Municipal Court
- Civic Center
- Swimming Pool
- Recreation Department (Youth Sports)

For FY 2019, General Fund Revenue projections increased 5.6 percent compared to the 2017-18 (FY 18) adopted budget. We project modest increases in revenues from property taxes and sales tax allocations.

GENERAL FUND EXPENSES BY DEPARTMENT:

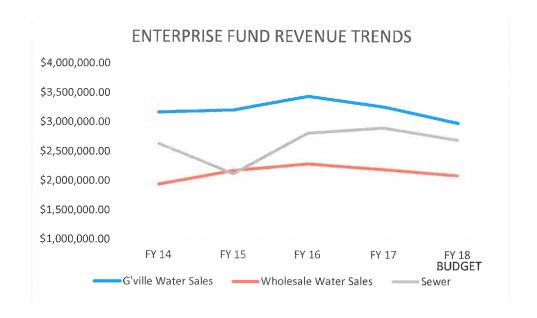

The City Charter mandates that the annual budget provide "a contingent appropriation in an amount not more than three percent of the total budget to be used in case of unforeseen items of expenditure". For the FY 2019 budget \$46,952.52 is budgeted as an expense item in the Administration Department budget. Should this appropriation not be expended on unforeseen expenses, it will be added to the current unassigned fund balance of \$403,748. The City adopted a formal fund balance policy in 2018 (attached), with unassigned fund balance goals of a total of two months of budgeted expenses in the General Fund; for FY 2019, the goal is \$928,105

A summary by General Fund Department expense categories compared to last year's budgeted amount is as follows:

Department	Increase ↑/ (Decrease)↓	Comments
Library	V	Sustains current levels of service; projected lower utility costs due to HVAC and lighting replacement. Lower personnel costs due to retirement. Purchase of 7 replacement computers.
Administration	\	Funding budgeted for Comprehensive Plan, HHW Day, Energy Debt (Debt Service for Energy Savings Contract), and Substandard structure abatement. Moved Building Inspectors to Building & Grounds Department.

Police Dept.	↑	Salary adjustment; minor increases in equipment purchase (Mobile Ticket Writer); additional vehicle lease; F/T Code Enforcement Officer.
Fire Dept.	V	Anticipated reduction in utilities due to lighting replacement; grant-funded training.
Street Dept.	个	Street sweeper rental; additional street/pothole repairs.
Utility Building	个	Capital Purchase (welder or shelving)
Buildings and	1	New Department created by merging Administration and
Grounds		Street Department functions.
Recreation/	\downarrow	Continued field and concession stand improvements at
Youth Sports		complex.
Civic Center		Increased Repair & Maintenance (cleaning) and training.
Muni Court	1	Credit Card service fee; contract prosecutor
Swimming Pool	1	Equipment purchase

The General Fund is balanced, however there are insufficient funds dedicated for capital purchases requested by Department Heads. If General Fund revenues outperform estimates, capital purchases will be considered in the third quarter of the Fiscal Year.

ENTERPRISE FUND: The City of Gatesville funds the following Departments from Enterprise Fund revenues:

- Gatesville Municipal Airport
- Fitness Center
- Water Distribution
- Water Production
- Wastewater Treatment/Sewer

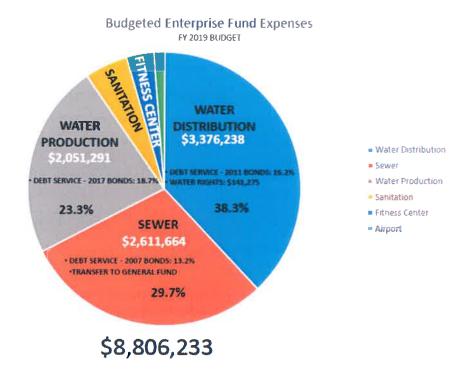

Sanitation

The Enterprise Fund revenues come from:

- Water Billing Revenue (City of Gatesville and the Texas Department of Criminal Justice)
- Sewer Billing Revenue (City of Gatesville and the Texas Department of Criminal Justice)
- Fitness Center Revenue
- Water Production Revenue (Wholesale Customer Water Sales)
- Sewer Revenue (Primarily Wastewater Treatment services for North Fort Hood)
- Airport Revenue (Hangar Rental and Fuel Sales)

Enterprise Fund revenues are budgeted with a 1.0 percent increase over the FY 2018 budget levels, pending the final results of the water and sewer rate study and ensuing discussions/decisions on adjusting those rates. We continue discussions with Fort Hood leadership about adopting a model for wastewater charges that allows underpayments or overpayments to be resolved through the use of that account's reserve fund. Pending the outcome of those discussions, we have elected to forecast an extremely conservative revenue estimate for North Fort Hood wastewater treatment.

After removing the debt service payments for Water and Sewer Plant improvement from expenses, the macro-economic analysis indicated that expenses incurred in the Wastewater collection and treatment functions exceed revenues, while retail water revenues exceed expenses. In January 2016, the City of Gatesville was selected by the Environmental Protection Agency as one of 10 WaterCARE communities in the United States. Designed to assist smaller communities with innovative strategies to finance water, wastewater, and drainage infrastructure improvements we determined that a priority for the City was to conduct a thorough and comprehensive analysis of both water and sewer rates. The Environmental Finance Centers at the University of North Carolina and the University of New Mexico assisted the City with this analysis at no charge. Their results validated our conclusions, and the City has contracted for a comprehensive water and sewer rate study, which is currently on-going.

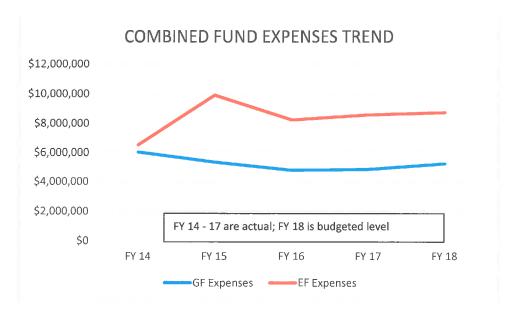

A summary by Enterprise Fund Department expense categories compared to last year's budgeted amount is as follows:

Department	Increase 个/	Comments
	(Decrease ↓)	
Airport	V	Rehabilitation of airport runway and apron was
		completed in 2018.
Water Distribution	V	Lower personnel costs, lab fees; completion of Park
		Street infrastructure replacement
Water Production	个	Reduction in utilities due to anticipated high-efficiency
		motor installation at intake, treatment plant, and BP1;
		2017 Bond debt service moved from Water
		Distribution (retail) to Water Production (wholesale)
Sewer	\uparrow	Materials & Supplies increase at both WWTP;
		increased equipment rental; permit fees; lift station
		repairs and maintenance – shifted to Wastewater
		Treatment Department from Water Distribution in
		2018.
Fitness Center	\rightarrow	Reduction in salaries; utilities; increased equipment
		rental (lease of cardio equipment)

The Enterprise Fund budget is balanced. However, as in the General Fund, there are Department-requested capital spending outlays and capital projects, totaling \$1,481,650 that are not included in the

current budget. If Enterprise Fund revenues outperform estimates, capital purchases will be considered in the third quarter of the Fiscal Year.

TOTAL					1		\$84,335.27

Economic Outlook for FY 2019: There is no significant residential development platted or planned in the immediate future, although limited new home construction is occurring in various parts of the City. As a result, the ad valorem tax <u>base</u> (driven by property valuations) will remain largely unchanged for the foreseeable future. In FY 2018 to-date, 14 permits have been issued for new single-family residences and six duplexes. The City issued 26 single-family residence and seven duplex permits in 2017. City-Data.com is a social networking and information website that captures data for U.S. cities. The information is obtained by public records and FOIA requests. The data extends into the unincorporated areas of Coryell County with the 76528 zip code, however comparative data that includes Gatesville is non-existent on sources such as the Texas A&M Real Estate Center website. For 2016, the estimated median (50% above/50% below) house values for several communities in Central Texas were:

Gatesville: \$79,229McGregor: \$95,553Copperas Cove: \$98,532Lampasas: \$107,176

- Belton: \$132,045

The mean (average) values of a detached house were:

Gatesville: \$119,431McGregor: \$157,776Copperas Cove: \$177,218

- Belton: \$193,545

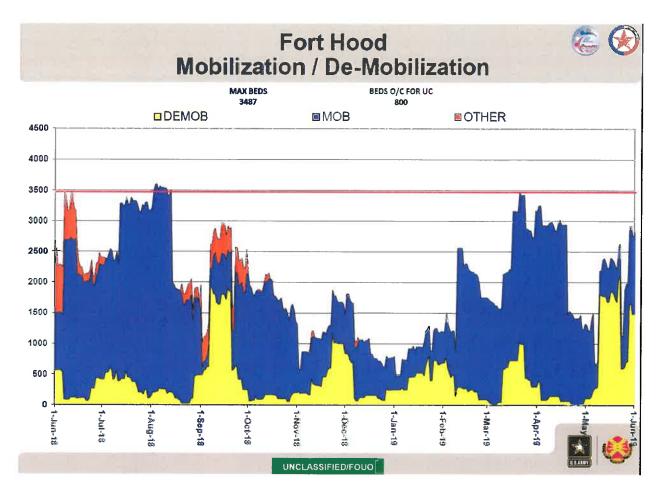

- Lampasas: Not available

For 2018, the Coryell Central Appraisal District has appraised the market value of the total 2,766 single family residences in the City of Gatesville at an average (mean) of \$87,593 per residence.

At the current time, there is a lack of significant business creation/development/expansion in Gatesville, although several parcels of undeveloped land in the City's extra-territorial jurisdiction have recently been listed for sale. On Main Street – the principal commercial corridor in the City – there are currently 14 businesses and nine residential structures (zoned business-commercial) that are vacant; many have been vacant for several years. There is no entity focused on sustaining existing business/attracting new business-commercial development to Gatesville. Exploring the options for creating an Economic Development Corporation (EDC) to perform this function will occur this year.

The City will continue aggressive public nuisance enforcement and substandard structures programs at levels that are reasonable given resource constraints. Several vacant lots in the City (or lots with substandard structures) do not meet the Single Family Residential Zoning Ordinance minimum of 6,000 - 8,000 square foot lot requirements (depending on zoning district). There are numerous, non-contiguous vacant lots north of Main Street that are zoned Residential 2-4 Family; further analysis is required to determine if this housing segment is already saturated. The Planning & Zoning Commission continues its efforts to revise the Subdivision Ordinance and once complete, will attempt to revise the City's Zoning Ordinance again.

While not a significant economic impact on Gatesville's economy, worldwide strategic uncertainty is impacting Reserve Component (Army National Guard and US Army Reserve) mobilizations at North Fort Hood which are projected to remain at or near peak in FY 2019. The largest impact will be increased water sales and sewer revenues, with little change in sales taxes or hotel/motel occupancy.

HUMAN RESOURCES AND HEALTH INSURANCE: In this preliminary budget, salary increases have been limited to a 2% across-the-board cost of living. Department Heads have some discretion to recognize their most exemplary employees. The City has not participated in a comprehensive salary survey for several years to determine where pay issues may exist. In FY 2019, the City will plan to hire a professional firm to assist in ensuring it is organized efficiently and effectively, updating position descriptions, and developing pay scales based both on merit and longevity (not currently funded). Healthcare premium costs are budgeted at the same level as the FY 2018 adopted budget. We will not know the exact costs of employee healthcare coverage and options until November/December 2018; this budget proposes to keep employer-provided health insurance premiums at the same level as current.

<u>CAPITAL IMPROVEMENT PLAN:</u> A Capital Improvement Plan (CIP) is a short-range plan (usually 4-10 years) which identifies capital projects – different than capital purchases. The CIP provides a link between the City's Comprehensive Plan, and the City's annual budget. A CIP allows for:

- systematic evaluation of all potential projects at the same time;
- the ability to consolidate projects to reduce borrowing costs;
- serving as an economic development tool;
- preserving the City's infrastructure while ensuring the efficient use of public funds.

There is no evidence that the City has had a CIP for several years. A proposed Capital Improvement Plan covering FY 2018-FY 2021 is attached to this budget.

ADDITIONAL ITEMS OF INTEREST:

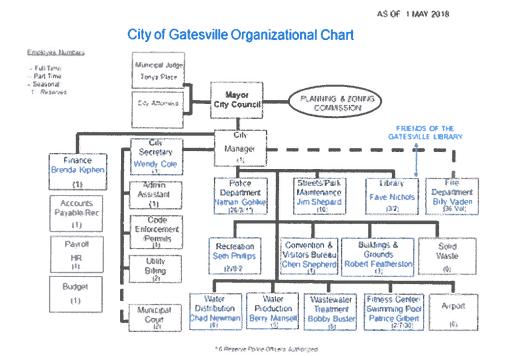

The City continued to execute some initiatives in FY 2018 with limited funding in the budget that need to at least be sustained in FY 2019. These include:

- a. A Household Hazardous Waste Day/Operation Clean Sweep these have been very successful events the past three years, however the 2018 event came with a cost to the City of \$14,960.91 (exceeding budget by \$5,000). The City received a CTCOG grant of \$10,000 for this year's HHW Day event. We will request an increase in grant funds, and have budgeted \$15,000 for FY 2019.
- b. Funding to abate substandard structures by the City (when the property owner will not pay) is included in this budget at \$15,000 the same as FY 2018. This amount will cover only three structures if the City is required to demolish the structure.
- c. Asbestos removal and demolition of the remainder of the Rotunda a long standing unfinanced eye-sore is not included in this budget. The City is exploring all options to abate this structure.
- d. Initial indications are that the Energy Savings Performance Contract begun in FY 2018 is resulting in substantive reductions in utility costs.
- e. In FY 2018, the City began the process of updating its 1970 Comprehensive Plan starting with a survey of citizen's needs and requirements. Comprehensive planning is one approach that can aid the City of Gatesville to preserve the unique character of the City while taking advantage of the positive aspects of growth in one of the fastest growing regions in the country. Through the planning process, citizens share in the formulation of guiding principles and policy statements which guide decisions by the City Council. The product of planning is the Comprehensive Plan a guide to the future physical development of the City. Once adopted by the City Council it will serve as a guide for public decisions in the areas of land use, capital improvements, zoning, and other land management decisions. Orderly, planned development can help the City absorb population growth while preserving the quality of life. As a result of the needs/requirements survey, four Guiding Principles were developed:
 - Investment: municipal infrastructure, programs, and human resources;
 - Renewal: compatible growth, redevelopment, and expanding economic opportunity;
 - Balance: demographically, economically, approach to growth;
 - Growth.

Short-term (0-5 years) strategies supporting each of these Guiding Principles are attached to this budget.

f. Organizational Shortfalls: The City has continued to operate with a mentality of "do more with the same" and several functions found in similar-sized municipalities are lacking in the City's current organization. These include: a dedicated IT/network administrator; planner/community

development; staff engineer/Public Works Director; and Public Information Officer. There are currently 13 Departments reporting directly to the City Manager, which can be argued is too broad of a span of control. The City Manager, in addition to covering the functions that are not filled, is the Airport Fixed Base Operator. We are currently executing a planning internship, with the intent of filling that position with a full-time employee in FY 2019. We are also exploring the opportunity for a Public Works internship with the assistance of Fort Hood and the US Chamber of Commerce "Hiring Our Heroes" program. With an increased revenue stream, these vacancies can be filled incrementally.

While this budget proposal is austere, it continues the City's commitment to the highest level of service possible within resource constraints, and establishes sound financial management practices to guide our strategic planning considerations for the future. I welcome your input on where adjustments within Departments might be necessary, keeping in mind that increases to one Department/function will necessitate corresponding reductions in another Department.

On behalf of the Staff, I would like to thank the Mayor and Council for the time and effort invested leading up to the final adoption of the 2019 budget and Municipal Services Plan. I would also like to express my thanks to the Staff and Department Heads who assisted in the development of this proposed budget.

Respectfully submitted,

City Manager

City of Gatesville, Texas Fund Balance Policy

Purpose:

The purpose of this policy is to establish a key element of the financial stability of the City of Gatesville by setting guidelines for the fund balance. Unassigned Fund Balance is an important measure of economic stability and it is essential that the City maintain adequate levels of unassigned fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, such as natural disasters and other similar circumstances. This policy will ensure the City maintains adequate fund balances in the operating fund with the capacity to:

- 1. Provide sufficient cash flow for daily financial needs.
- 2. Provide funds for unforeseen expenditures related to disasters.
- 3. Offset significant economic downturns or revenue shortfalls, and
- 4. Secure and maintain a high investment grade bond ratings.

Definitions:

Fund Balance – An accounting distinction is made between the portions of fund balance that are spendable and non-spendable. These are divided into five categories:

- 1. Non-spendable fund balance this can include amounts that are not in spendable form or are required to be maintained intact. Examples are inventories and endowments/principal of a permanent fund.
- 2. Restricted fund balance includes amounts that can be spent only for the specific purposes stipulated by external creditors, grantors, or contributors either constitutionally or through enabling legislation. An example includes grants.
- 3. Committed fund balance includes amounts that can be used only for the specific purposes determined by a formal action by the Gatesville City Council. Commitments may be changed or lifted only by the City Council. An example would be a General Revenue-dedicated Fund.
- 4. Assigned Fund Balance comprises amounts intended to be used by the City for specific purposes. Intent shall be expressed by the City Council or if the Council delegates the authority, the City Manager. Assigned Fund Balance represents the amount that is not restricted or committed. Such assignments cannot exceed the available fund balance in any fund.
- 5. Unassigned Fund Balance the residual classification for the General and Enterprise Funds and includes all amounts not contained in other classifications. Unassigned amounts represent the City of Gatesville's "Rainy Day Fund" and are technically available for any purpose.

Fund Balance Policy:

Committed Fund Balance

City Council action, in the form of a resolution, is required to establish, modify or rescind a fund balance commitment. The resolution must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made.

Assigned Fund Balance

The City Council has authorized the City Manager as the official authorized to assign the fund balance to a specific purpose as approved by this policy.

Target Unassigned Fund Balance

The City's goal is to achieve and maintain an unassigned fund balance in the General fund equal to 16.7% and in the Enterprise Fund equal to 16.7% of budgeted operating expenditures. In the event the fund balance is calculated to be less than the policy stipulates, the City shall plan to adjust expenditures to restore the balance.

Appropriation of Unassigned Fund Balance

To reduce the Unassigned Fund Balance below 16.7%, there must be Council approval. If a disaster causes significant reduction in city revenues, the fund balance could be reduced below 16.7% to provide funding to maintain city services at their pre-disaster levels. The fund balance may be used this way until revenues recover.

Reserve Mandate

There shall be maintained in the budget a maximum annual 3% General Fund Reserve. This reserve is mandated by the City Charter as a contingent appropriation and may be used on emergency or unexpected expenditures. It also can be used to prevent a reduction in the fund balance below 16.7%.

Replenishment of Fund Balance Reserves

If the unassigned fund balance falls below 16.7% or if it is anticipated that at the completion of any fiscal year, the projected fund balance will be less than the minimum requirement, the City Manager shall prepare and submit a plan to City Council to restore the required level. The plan shall detail the steps necessary for the replenishment of the fund balance as well as an estimated timeline for achieving such, not to exceed five years. In the event the fund balance is calculated to be less than 16.7%, the maximum 3% contingent appropriation, as mandated by the City Charter, may be used to replenish the fund balance.

Accumulation of the Fund Balance

The unassigned fund balance may be allowed to accumulate above the 16.7% target to accommodate operating and unexpected capital expenses. It is not recommended that the unassigned fund accumulate above 25%.

Monitoring and Reporting

The Finance Director shall be responsible for monitoring and reporting the City's Fund Balance and reserves. The City Manager is directed to make recommendations to the Council on the use of reserve funds both as an element of the annual operating budget submission and from time to time throughout the fiscal year as needs may arise.

COMPREHENSIVE PLAN SHORT-TERM STRATEGIES

INVESTMENT:

- 1. Annually review, revise and adopt a capital improvement plan as part of the city's budget to ensure that both municipal infrastructure and major departmental equipment needs are identified, planned for and funded each fiscal year.
- 2. Utilize regular, recurring, sources of funding (i.e. water and sewer user fees) to finance anticipated infrastructure maintenance and capital investment needs.
- 3. Analyze water and sewer rates on a biennial basis to ensure that sufficient revenue is being generated to meet operational and maintenance requirements and sufficiently fund necessary capital improvements.
- 4. Systematically assess the condition and needs of community facilities and utility and transportation infrastructure in order to prioritize effective and efficient maintenance and/or expansion program(s) to ensure a quality system of service delivery.
- 5. Prepare assessments of the staffing and technology needs of all city departments to ensure that funding is adequate to fulfill their missions in an efficient manner.
- 6. Work with community partners, including the Gatesville ISD, the Coryell Memorial Healthcare System, Coryell County, and local businesses and industries to develop and implement a plan to extend high-speed broadband internet service to the City.

RENEWAL:

- 1. Streamline development regulations and procedures to eliminate unreasonable barriers to growth and reinvestment in the city.
- 2. Proactively enforce minimum housing regulations and nuisance codes in neighborhoods to eliminate blight, enhance the value of residential properties, and encourage private reinvestment in the city's housing stock.

BALANCE:

- 1. Support the development of a mix of housing types throughout the city that meets the needs of a population that is diverse in terms of age, family structure and income.
- 2. Support and sponsor community events that appeal to a wide range of demographic groups including students, young professionals, families, and retirees.
- 3. Continue to direct resources towards parks and recreation facilities and programs that fulfill the needs of residents of all ages and abilities.
- 4. Continue to support the community's rural agrarian and ranching culture and associated economic activity through the unique services, regulatory environment and infrastructure investments that are necessary for it to thrive as an integral part of the city.

GROWTH:

- 1. Review and revise the city's land use and development ordinances to ensure that the regulatory environment is aligned with the city's goals for facilitating high quality growth.
- 2. Adopt and enforce utility connection policies that are firm in their requirement for annexation prior to receiving utility services from the city.
- 3. Adopt and implement Subdivision and Zoning regulations that enhance the compatibility of future growth in Gatesville with military training and operations at Fort Hood, and coordinate with Fort Hood when zoning changes or development plans are proposed in areas of encroachment concern.
- 4. Coordinate with Fort Hood when the city prepares plans for growth inducing infrastructure, such as utility and transportation projects, to ensure that any potential encroachment concerns are identified and mitigated, to the extent possible.
